HUDSON RIVER FROZEN SOLID
FOR THE FIRST TIME IN
FIVE YEARS

(By Associated Press.)

NEW YORK, Feb. 12.—The rivers and bays are filled with heavy drifting ice fields. The Hudson is solid between Tarrytown and Nyack for the first time in five years. Several automobiles crossed today. Below zero weather prevails all over the state.

WILLCOX CALLS G. O. P. MEETING

DATE FIXED FOR SOME TIME IN
MAY OR JUNE TO ADJUST
DIFFERENCES

(By Associated Press.)

NEW YORK, Feb. 12.—A letter from Chairman Willcox of the Republican national committee to George W. Perkins and Everett Colby, Progressive members of the committee was published today. The letter appeals to the Progressives, who supported Hughes, to remain with the Republican fold, and promises to call a meeting of the national committee in May or June to adjust differences. The meeting probably will be held in Chicago. "The time is inopportune now because of the international situation. This is no time for partisan discussions," the letter reads.

DUKE OF NORFOLK DIES IN
LONDON AFTER SHORT
ILLNESS

(By Associated Press.)

LONDON, Feb. 11.—The Duke of Norfolk, ranking member of the English nobility, and the foremost English Catholic, died in London yesterday. The first announcement of his illness was made on Saturday.

The heir to the dukedom, the Earl of Arundel and Surrey, who is eight years old, came into an estate estimated at 300,000 pounds annually.

MRS. BRADLEY DIED AT 2 O'CLOCK TODAY

WIDOW OF ONE OF THE PIONEERS
OF NYE COUNTY
PASSES TO REWARD

Mrs. Rose Anna Bradley, widow of the late Andrew Bradley, and one of the best known ladies of Tonopah and old Belmont, died at her home on Idaho street this afternoon at 2 o'clock, of a series of complications chiefly due to old age and induced by a weak heart. Death did not come suddenly, but the deceased had been in feeble health for some time and death was expected to occur any time. The shock of dissolution was tempered by the thought that the patient had received the last ministrations of her church through Father Dias, who was at the bedside when death came.

Mrs. Bradley was 75 years of age and born in Virginia, County Cavan, Ireland, and for years was a resident at Belmont, whence she came with her family to Tonopah. Two children, Peter and Elia, preceded the mother to the grave and two others survive. They are Miss Anna Bradley, who has been identified with the Tonopah public schools ever since they were established, and Mrs. Mary Warner, who lives in the Reese River country. Arrangements for the funeral have not been made. Friends are requested to omit flowers.

BIG VALENTINE DANCE WEDNESDAY EVENING

Tonopah Lodge of Elks will hold open house in honor of St. Valentine on the night of Wednesday, February 14th. Yama Yama costumes will be in vogue, so the guests will not have to consult fashion magazines in order to be in a mode. The best eight-piece orchestra will be there.

grounds were provided with contingent orders for this eventuality. The censorship, however, shut down tightly on any definite statements or predictions of the approaching crisis.

Ambassador Gerard, of course, was also aware of the current gossip, and probably was able to advise the state department of the possible turn of events, even while the echoes of his banquet speech were still resounding. But he was given no intimation from official sources. Foreign office officials avoided the subject in conversations with him, and even at his interview with Foreign Minister Zimmerman, the day before the chancellor's official announcement to the reichstag of a ruthless submarine campaign, Herr Zimmerman gave him no definite statement on the morrow's proceedings, although the decisions had been finally reached and the text of the note and the memorandum were ready, and even maps of the prohibited zone had been prepared for the use of the German newspapers.

The ambassador and the American government therefore were faced with the announcement of a fact accomplished when on the afternoon of January 31, Dr. von Bethmann-Hollweg, the imperial chancellor, promulgated in the reichstag committee, the news that a relentless submarine campaign would begin immediately and read to the committee the text of the memorandum on the prohibited zone and the note to the United States—documents which reached the American embassy only several hours later.

There was therefore no opportunity or occasion, as in the days of the Sussex trouble, for any negotiations to prevent the crisis or an attempt to stave off the coming break between the two countries. There was no chance this time for discussion with the chancellor or any interview with the emperor, such as served to save the day at the time of the Sussex note.

Nothing could be done except to report to Washington the developments which appeared in the press of the world before the embassy dispatches had started from Berlin, and await the anticipated explosion.

This came in the shape of a rupture of relations earlier than even Americans had expected and certainly with a promptness which astonished and perhaps even dismayed the German official world, prepared though it was for energetic American action by reason of the definite warnings in the Sussex correspondence.

RAILWAY CLERKS MAKE TONOPAH A STOPOVER

Beginning this morning the mail clerks on the Tonopah & Goldfield Railroad will lay over at Tonopah instead of at Goldfield. This is a retrenchment move. Hitherto there were five clerks on the line and now there will be but four. One will remain over in Goldfield each night.

The mail for the north will be sorted in the Goldfield postoffice and one sack, containing Tonopah mail, will be thrown off here by the train crew and the clerk going aboard at this point will then begin handling the miscellaneous mail.

On train 24 the mail will be all distributed and reports made out before reaching Tonopah, when the mail and the clerk going aboard at this point will then begin handling the miscellaneous mail.

MIDWAY SINKS TO GREATER DEPTHS

Work was started last night on the 1330 level of the Midway Consolidated Mining Company. A winze is being sunk on the ledge. A hoist will be installed in a few days. The air is being diverted from the eighth level, since it now has natural circulation by reason of connecting with the old shaft.

The 13th level was explored some months ago by means of a crosscut, which reached a strong ledge, but water drove out the miners. The sinking of the Victor shaft below the 1540 level has dewatered the 1330 of the Midway and makes it possible to continue the winze. A compressed air hoist, being installed at its collar, will be ready for operations in seven or eight days. President H. C. Brougher is so pleased with the outlook in this and other properties in which he is interested, that he says he expects from now on to spend at least half his time in Tonopah.

CHINA THREATENS TO SEVER ITS RELATIONS

(By Associated Press.)

PEKING, Feb. 12.—(Delayed).—The note handed to the German minister by the minister of foreign affairs in reply to Germany's declaration of the resumption of unrestricted submarine warfare, follows:

"The new measures of submarine warfare inaugurated by Germany are imperiling the lives and property of Chinese citizens even more than the measures previously taken, which have already cost China many lives and constitute a violation of international law. The toleration of their application would introduce into international law arbitrary principles incompatible with legitimate intercourse between neutrals and between neutrals and belligerents.

"China, therefore, protests energetically to Germany against the

measures proclaimed on February 1, and sincerely hopes that the rights of neutral states will be respected and that the said measures will not be carried out. If, contrary to expectations, this protest be ineffective, China will be constrained, to its profound regret, to sever diplomatic relations. It is unnecessary to add that China's action is dictated by a desire for further peace and the maintenance of international law."

A communication explanatory of China's action handed to Dr. Paul S. Reisch, American minister to China, says in part:

"China also proposes to take such other action in the future as will be deemed necessary for the maintenance of the principles of international law."

GERARD SUBJECTED TO MANY ANNOYANCES

(By Associated Press.)

ZURICH, Switzerland, Via Paris, Feb. 12.—The American ambassador, James W. Gerard, arrived at the Swiss boundary at Schaffhausen at four o'clock Sunday morning. He was met by the American minister to Switzerland, Pleasant A. Stovall, and representatives of the Swiss army.

A Swiss military guard of honor was also in waiting and a big delegation of citizens greeted the former American ambassador to Germany.

The trip from Berlin was made without noteworthy incident, although some curiosity was displayed by those who gathered along the route through Germany.

Mr. Gerard disembarked at Zurich with about 120 other Americans, intending at first to remain there, but when he was assured of accommodation at Bern, he left immediately for that city. He will remain in Bern for two or three days, arranging for his trip to Paris.

HELD FOR SAFE RETURN OF INTERNEED GERMANS

(By Associated Press.)

BERLIN, Feb. 12.—Foreign Secretary Zimmerman informed the Associated Press today that he had requested the Swiss government to make inquiry at Washington regarding the status of crews of the interned German ships in American ports. Pending an answer the 72 Americans taken by a German raider and brought in by the Yarrowdale, whose release had been agreed to, are being held in Germany.

During the last week recurring rumors have reached Berlin via London, that the United States has se-

questered the German ships' interned crews. No definite information an official denied being received, and information is asked. Zimmerman said, in regard to the Yarrowdale prisoners:

"These men will be liberated as soon as we learn the fate of the German crews in American ports." He reaffirmed his previous statement that Americans now in Germany will be allowed to move about unmolested and be perfectly free to leave the country, even if the break threatens to reach the ultimate stage.

NOT IN THE MOVIES

The management of the Airdome desires to explain that there was no intention to misrepresent conditions when it was advertised that the dancers would appear in the movies. What was intended was that a flash-light photo would be taken. This was done and Manager Revert explained the error.

REBUKED THE DEAN.

The Theological Student Got His Revenge in a Few Words.

Thirty years ago Alexander Schmidt was dean of the university at Dorpat, in the Russian province of Livonia. "The Bloodsucker," as the students called him because of his researches concerning the circulation of the blood, was noted for the severity of his discipline. An amusing incident is told of him by an army chaplain in the Zeitung der 10. Armee.

A certain theological student once wanted to get leave from the university to attend his sister's wedding. The dean refused the necessary permission on the ground that the reason was too trivial. The student was greatly offended both because he wanted to go to the wedding and because he suspected that Dr. Schmidt had not believed that his excuse was a true one. Accordingly he was determined to get some kind of revenge.

It chanced that on the day after the affair he was reading St. Paul's second letter to Timothy when he suddenly saw a very clever way to get satisfaction. Laying down the Bible, he wrote to the Dorpat newspaper and ordered an advertisement inserted in large type that said simply, "I Tim. iv. 14-15a."

Every reader of the paper, surprised by that line, reached for his Bible and looked up the verses. Imagine the amusement of the university students when they found that the passage was, "Alexander, the copper-smith, did me much evil; the Lord reward him according to his works; of whom be thou ware also."

AMUSEMENTS

BUTLER THEATER

One of the best bills which has been seen at the Butler in some time will be shown this evening. It is E. H. Sothern, the world's most famous actor of the modern stage, supported by the versatile Vitaphone star, Edith Storey, in a seven-reel masterpiece—"An Enemy to the King." Mr. Sothern produced three pictures for the Vitaphone Company. The other two, "The Chatter" and "The Man of Mystery" have already been shown here. "An Enemy to the King" is his third and last picture, and will be the last opportunity of seeing this famous actor on either screen or stage, as he has retired to private life. The story, which takes place at the time of trouble between the Catholics and the Huguenots in France, calls for a number of fencing scenes, in which Mr. Sothern participates. Together Mr. Sothern and Miss Storey form a most attractive combination, one that it seems a pity to lose on Mr. Sothern's retirement to private life.

The preliminary reel will be Pathe News. Special music during the first show. Tomorrow, Vivian Martin, the "Peter Pan" girl of the New York stage, will appear in "The Stronger Love" and a Burton Holmes Travel Picture, "Going to Halifax." Remember Wednesday, the idol of Young America, Buffalo Bill, in his thrilling adventures.
